## Curriculum Vitae

---

### OBJECTIVE

To continue a career in Oil & Gas Recruiting where I can apply my recruiting, Geoscience and sales skills as an In-House or Independent Recruiter

---

### AWARDS

**Quarter Million Dollar Club:** Received award presented by the Rocky Mountain Association of Recruiters

**Rookie of the Year:** Received award for top first-year producer for The Bradsby Group

---

### KEY SKILLS

**Technical Background:** Use my Geological background and understanding of the Oil & Gas industry to screen and converse on a technical level with candidates

**Communication Skills:** Strong verbal and written skills allow me to work well with assessing hiring manager needs as well as with advising and evaluating candidates

**Organizational Skills:** Enable me to handle multiple tasks and challenges in a fast-paced environment

**Software:** Advanced degree in Computer Information Systems coupled with a web and database development background enables me to quickly adapt to any software tool required

**Other:** Great attitude and happy demeanor make it easy for me to work with people

---

### EDUCATION

**University of Denver,** Denver CO

- Masters Degree, Computer Information Systems

**Metro State University,** Denver CO

- Computer course work, prep for Masters education, Colorado Scholar's Award

**Montana State University,** Bozeman MT

- Bachelors of Science Degree, Geology, Phi Kappa Phi National Honor Society

## Employment History

---
